

TO STACK OR NOT TO STACK

Which Washer Dryer Setup is Right for You?

Looking to upgrade your laundry facility or laundry room? The only question left to answer is to stack or not to stack? Let's take a look at the pros and cons of each.

The method with which you install commercial laundry equipment differs depends upon on the model. For instance, there are two configurations of washing machines and dryers, side-by-side and stackable. If you are wondering which one may be more suitable for you, check out the following.

Stackable

Side by Side

Best for

Locations that are short on space and have smaller loads usage

Locations with lots of space and larger load requirements

Applications

- Nail Salons
- Hair Salons
- Vet Clinics
- Smaller Schools
- Work Out Facilities
- Spas

- Hotels
- Schools
- Nursing Homes
- Larger Gyms
- Colleges
- Municipalities
- Prisons & Detention Centers
- Fire Stations
- Motels
- Professional Sports Teams

Determine size based on load

Cost per cu/ft of processed linen

Cost per lb of processed linen

Capacity
